28th Annual Wisconsin Emergency Medicine Research Forum Presentations

Congratulations to everyone who had an abstract accepted to the 2020 Research Forum. As you know, the in-person Forum was cancelled due to the COVID-19 pandemic. Nonetheless, we still want to celebrate the excellent research from DEM that was submitted and accepted!

Check out the accepted abstracts here:

-Edgecomb JL, Schnapp BH – “Belief in a Just World for Others Affects Case Mix Seen by Emergency Medicine Residents”

-Lum M, Sheehy L, Lai J, Tillman D, Damewood S, Schmidt J - “Integration of Point-of-Care Ultrasound in Clinical Decision Making for Medical Students”
Due to the cancellation of the 28th Annual Wisconsin Emergency Medicine Research Forum, all abstracts that were accepted to our Forum have been accepted for poster presentations at SAEM Great Plains Regional Meeting and are being considered for oral presentations. The SAEM Great Plains Regional Meeting will be taking place at MCW on September 18, 2020. Final decisions around oral presentations of abstracts will be decided in July after all
abstract submissions to the SAEM Great Plains Regional Meeting have been peer reviewed. You will be contacted at that time and we appreciate your understanding. If you would like to have your abstract included in the SAEM Regional Meeting, please email DEMResearch@medicine.wisc.edu to indicate your interest.

DEM Ranked #12 for 2019 NIH Research Funding

The 2019 Blue Ridge Institute for Medical Research Rankings are out, and DEM is ranked #12 in national NIH research funding for Emergency Medicine. Our ranking reflects the dedication and efforts of the faculty and staff of DEM and the staff in the Emergency Department. A special congratulations to Dr. Manish Shah who continues to rank among the top 10 emergency medicine researchers in the country. Way to go, team!

ACEP 2020 - Call for Abstracts

ACEP is now accepting abstract submissions for the Research Forum held during ACEP 2020 (October 26-29 in Dallas, Texas). This is a great opportunity to present your research at a national level! The deadline for submission is May 21, 2020 at 4PM CST.

Dr. Michael Pulia featured in ACEP Now

Dr. Michael Pulia is always going the extra mile for antibiotic stewardship advocacy and research! In February 2020, Dr. Pulia's article "5 Tips to Improve Antibiotic Stewardship in Your Emergency Department", co-authored by Dr. Robert Redwood and Dr. Larissa May, was featured in ACEP Now! The article explains 5 tips that providers can use on their next shift to improve antibiotic stewardship. By practicing the “5 D’s of antibiotic stewardship”—right diagnosis, right drug, right dose, right duration, right de-escalation—providers can reduce the prevalence of multidrug-resistant organisms in our hospitals and communities.
Kudos

How does our research team beat cabin fever? By staying connected, of course! Kudos to Rebecca Schwei MPH for sending this amazing photo of our team chatting from the comfort of home. We are really jealous of Ly Hoang's office. Stay well, everyone!

Conference Deadlines:

Academy Health 2020 (Early Registration) - May 1, 2020
IDWeek 2020 (Abstract Submission) - May 7, 2020
ASER 2020 (Abstract Submission) - May 10, 2020
Academy Health 2020 (Hotel Reservation) - May 15, 2020
ICMRI 2020 (Abstract Submission) - May 15, 2020
ACEP 2020 (Abstract Submission) - May 21, 2020

Award Submission Deadlines (National and Institutional):

ACEP 2020 (Teaching & Student Awards) - April 15, 2020
APHA 2020 - May 1, 2020
IDWeek 2020 - May 7, 2020
ICMRI 2020 (Scholarships & Travel Grants) - May 15, 2020
ICMRI 2020 (Foreign Participants Travel Grants) - June 10, 2020

-Studies Currently Enrolling in the ED-

All study enrollment has been paused until further notice due to the ongoing COVID-19 pandemic. We have paused enrollment for the safety of our staff and providers, as well as for our patients and the community. Please know that we are looking forward to restarting enrollment once this pandemic has passed, and that we greatly appreciate being surrounded by such an innovative and caring community.
