Emergency Medicine Shapiro Students 2021

Please join us in welcoming our newest **DEM Shapiro Students** - Rosemary Grant, Clara Kuranz, and Ivan Ortega! Each student has been paired with one of our faculty members and has been assigned an innovative research project. Research projects span a broad range of scientific investigation, from dysphagia and COVID-19 research to EHR-based screening to predict future fall risk. The Shapiro Summer Research Program culminates in poster presentations at SMPH's annual Research Day.
